16G Upholstery CF Approval/ Direct Ship Authority

Dear Mr. Gagne,

Ramm Aerospace facility has successfully completed the recurrent training/audit and 16G training requirements as outlined in Document No. 103, Rev. N or later approved revision and Document No. 105, Rev D, or later approved revision.

Ramm Aerospace is hereby Approved, as an Upholstery Completion Facility (CF) of B/E Aerospace 16G seating products labeled with the Technical Standard Order (TSO) C127 and C127a designations.

The approval is for a period of 18 months due on August 18, 2016. This approval is not transferable.

The following CF designees are authorized inspectors:

Alain Leroux	Marc Gagne
---------------------	-------------------

The required documentation for each ship set of seats is explained in Quality Document No.103, and Document No.105. Any change in appointed designees inspecting, signing the statement of conformity, or modification to upholstery buildup design previously approved, including subcontracting the work outside of Ramm Aerospace facility must be communicated in writing to the B/E Aerospace Quality Management.

Ramm Aerospace is responsible for presenting First Article Inspection (FAI) requirements, per Document No. 103, on initial CF approval, or when deemed necessary by B/E Aerospace.

Ramm Aerospace is authorized to upholster, inspect, install TSO/MOD tags, on behalf of B/E Aerospace, and assuring upholstery is completed per approved upholstery and finish control (limitation) drawings, and Quality Document No. 103, and Document No. 105, as applicable.

Ramm Aerospace has been granted Direct Ship Authorization (DSA), per procedure QA-06-003, and may undergo a quality system audit by the Federal Aviation Administration (FAA) as part of their normal surveillance of B/E Aerospace as a TSO holder.

Ramm Aerospace is not authorized to grant their suppliers and sub-tier suppliers direct ship authorization on behalf of B/E Aerospace.

If you have questions or I can be of any assistance, please do not hesitate to contact me.

Sincerely,

Carlos E. Rebollar
Engineer, Quality Compliance
